

THE RED LILY HEALTH BOARD TURNS ONE YEAR OLD IN MAY 2012

JOIN UP TO BECOME A RED LILY MEMBER TODAY!

The Red Lily Health Board was incorporated on the 26th May 2011.

The work of the board is to improve the health and well being of all the people in the West Arnhem Region.

The Red Lily Regional Health Board will advise governments and other organisations on what's best for the people in the region.

They will manage and make decisions on the delivery of health services needs and make sure the health money is being used properly and where it's required the most.

The board would like as many Aboriginal and Torres Strait Islander people living in the area to join up as members.

Your membership will help in making sure we have strong and committed board and your voice counts.

We can make our health and communities stronger if we all work, sing, dance together

The Red Lily Health Board invites all Aboriginal and Torres Strait Islander people in the West Arnhem region to join this new and exciting association.

The Red Lily Health Board (Aboriginal Corporation) Annual General Meeting will be held later in the year. Elections will be held to fill the board positions.

Have your say and vote for your local Red Lily Board Member.

To become a Member you must be:

- at least 18 years of age
- An Aboriginal and Torres Strait Islander person
 - normally and resident in the West Arnhem region
 - traditional custodian from within the region who is not currently living in the region.
